Tenacious D - The Complete Masterworks 2

Tenacious D performs against a production design theme plucked from the 2006 film *Tenacious D in The Pick of Destiny*. The live set roughly follows the plot of the film, where Gass and Black perform some songs, break up, reunite, go to hell, battle the devil, and emerge victorious. The set, costumes, and effects elaborate the fictional Tenacious D captured by the cult TV series, whose charm always depended on a combination of ridiculously inflated self-opinions ("the greatest band in the world") and low technical means (few songs, one fan, no money to pay the rent).
